

Email sent on behalf of Julie Shelton, Senior Associate Vice President for Finance.

Dear Colleagues,

Happy New Year! I hope that you and your loved ones had a wonderful holiday season.

First, I'd like to thank you for your continued engagement and collaboration as we move through the Finance Organizational Realignment. As mentioned in Dan Layzell's update email on Dec. 17, I want to provide an update on the leadership oversight model for the two new Executive Directors who officially joined the Division of Finance and Operations in January and report directly to Melissa Barnett, AVP for University Budget and Campus Financial Affairs.

Effective Jan. 1, Julie Ember and Becky Scheeff, Executive Directors of Campus Financial Affairs, have assumed responsibility for coordinating financial operations across specific areas of the University.

Julie Ember will oversee the following colleges:

- Arts and Sciences
- Business
- Communication and Information Sciences
- Education
- Engineering
- Graduate School
- Human Environmental Sciences
- Law
- Nursing
- Social Work

Becky Scheeff will oversee the following colleges, divisions, and campus areas:

- Enterprise Operations
- Honors College
- OTIDE

- Research
- Strategic Communications
- Student Life
- University Libraries

Melissa, Julie, and Becky will partner closely with deans, vice presidents, and embedded finance teams to support a smooth transition to an integrated and standardized financial management model. We will be reaching out to schedule meetings within colleges and divisions soon to offer dedicated time for division and college leaders and finance staff to gain further insights into this realignment.

For colleges, divisions, and campus areas where leadership oversight assignments are still under review, current reporting structures should remain in place until further notice. In the interim, Melissa Barnett and I will be meeting with these groups to ensure continued alignment and discuss next steps.

Additional information about the realignment, timelines, FAQs, and guidelines for items such as leave reporting and eTime approvals is available on the [Finance Realignment webpage](#). We encourage you to continue visiting this page regularly for updates as they become available.

Please share this information with your direct reports and any others in your college or division as needed.

Thank you,

Julie Shelton
Senior Associate Vice President for Finance
